TABLECLOTH COLLECTION

Innovation | Quality | Experience

In the restaurant sector, there is an art to hosting customers, and this performance art is expressed on a very special stage, namely, the dining room!

The key players are known, whether they work in the dining room or the kitchen, and for a long time now, Bragard has been providing the elegant and comfortable uniforms they wear to perform their duties on a daily basis.

All that remains is to dress up the tables and perform the culinary arts, while adding some harmony, colour and various materials to the dining room where your customers will sit!

Bragard's table linen collection contributes to the wow-effect that your guests and customers will discover as they enter your universe, and be part of the pleasure of spending a pleasant, warm or even unforgettable time in your establishment!

As ever concerned with quality, strength, drape and durability, Bragard's dedicated catalogue presents a wide range of table linen items that you will love and that will embellish the scene «between the courtyard and the garden»!

“

*We are the restaurant at the Cheval Noir in Herrlisheim.*

*We made the decision in 2015 to change our tablecloths and napkins.*

*We had paper tablecloths and napkins and bought from Maison Bragard cloth  
tablecloths and napkins.*

*We are very happy with our choice: the quality is exceptional!*

*Since 2015, the linen is always at the top in spite of repeated washings in machine.*

*We can only recommend Maison Bragard.*

*A big thank you to you!*
